PRASANTH KAVLURI

PYTHON FULL STACK DEVELOPER WITH AI INTEGRATION

kavluriprasanth03@gmail.com | 83674-27785 | Rajahmundry , India | Linkedin | GitHub | HackerRank | LeetCode | Portfolio | Certificates

Professional Summary

Developing full-stack web applications using **Python, Django, React.js, JavaScript, MySQL, and AI APIs**. Building practical experience through internships and projects, with a focus on responsive web development, REST APIs, database management, and AI integration. Strong interest in learning modern technologies and developing user-friendly applications.

Education

V.S.M Engineering College, *Mechanical Engineering* — 07/2023 – 04/2026
Current CGPA: 8.1 — Ramachandrapuram, india

GIET Polytechnic College, *Mechanical Engineering* — 06/2020 – 05/2023
Current CGPA: 7.9 — Rajahmundry, india

Surya Deep English Medium School, *10th Class* — 04/2020
Marks: 522 — Rajahmundry , India

Technical Skills

Programming
Python, JavaScript, SQL

Libraries
Pandas, NumPy, Matplotlib

Database
MySQL, SQLite

Frontend
HTML5, CSS3, JavaScript, Bootstrap, React.js

Tools & Version Control
Git, GitHub, VS Code, Linux

AI Integration
AI APIs, Prompt Engineering, AI-powered Features

Backend
Python, Django, Node.js, REST APIs

Core Concepts
OOP, CRUD Operations, Database Integration, API Integration, Responsive Web Design, Debugging

Certifications

Python Full Stack Developer With AI Integration (Anurag It Solutions Certified)

Full Stack Web Development (Future Interns Certified)

Projects

Vehicle Service Management System, *Python | Django | HTML5 | CSS3 | Bootstrap | SQLite | JavaScript*
- Developed a web-based system to manage customer, vehicle, and service details efficiently.
- Maintained service records and tracked vehicle service status systematically.
- Reduced manual work by organizing service information in a centralized system.

Client Lead Management System (Mini CRM), *HTML | CSS | JavaScript | Node.js | MySQL*
- Developed a Mini CRM web application to manage client leads from website contact forms.
- Implemented CRUD operations for efficient lead and customer data management.
- Added lead status tracking, follow-up notes, and secure admin access.
- Integrated Node.js backend with MySQL for reliable data management.

Pulse & Iron Gym Website, *HTML | CSS | JavaScript.*
- Designed and developed a responsive gym website using HTML, CSS, and JavaScript.
- Created a modern homepage to promote fitness services and improve customer engagement.
- Added membership plans, trainer profiles, class schedules, and contact information.
- Implemented responsive design for a smooth user experience across all devices.

AI Career Assistant, *Python, Django, React.js, MySQL, AI API*
- Developed an AI-powered career assistant for resume analysis and job preparation.
- Implemented skill-gap analysis and job-description matching based on candidate resumes.
- Integrated AI APIs to generate personalized interview questions and career suggestions.
- Built a responsive React.js frontend with Django REST API and MySQL database.

Declaration

I declare that the information provided above is true and correct to the best of my knowledge and belief.
